

Hydrologic Engineering Center

U.S. Army Corps of Engineers
609 Second Street
Brinley Building, Upstairs
Davis, CA 95616

50th Anniversary
1964 - 2014

Open House

Friday, 27 June 2014
1:00 – 4:00 p.m.

The Hydrologic Engineering Center, an office within the U.S. Army Corps of Engineers and the Institute for Water Resources, will be holding an open house. Our mission of providing water resources software and engineering services to the nation and the world will be presented. Our software, history, publications, training, projects & our relationship with the University of California, Davis will be introduced. Light refreshments will be provided.

After the Open House

Lets gather at a local restaurant

Symposium Pizza House & Restaurant

1620 E 8th Street
Davis, CA 95616

Friday, 27 June 2014
starting at 5:00 p.m.

This will be a no host gathering at the Symposium. The event at the Symposium will be a low key informal affair. The analogy is - if you go to your High School Reunion, most of the time Friday night is a casual get together where people can catch up, etc. Friday evening is a casual get together at the Symposium for anyone who wants to attend (HEC employee or not). There is a room that has been reserved under Penni Baker's name.
